## The Description

---

After a serious fire destroyed over 30% of the castle, G&H Building Services were appointed to assist in returning the castle to its former glory.

Our scope of works comprised of a new LPHW LPG fired boilerhouse, new heating throughout the castle and new domestic services to refurbished bathrooms.

G&H Building Services Sister company, G&H Maintenance have been appointed to provide the maintainance for the building.

After a successfull project, G&H Building Services and are now assisting the castle on future projects.
