

A FOCUS ON HEALTH

From new build hospitals and extra care schemes to specialist cancer facilities and clinical ward refurbishments, we have extensive experience delivering innovative, technical MEP solutions for public and private healthcare providers across the UK.

OUR EXPERIENCE

Hospitals

Extra care

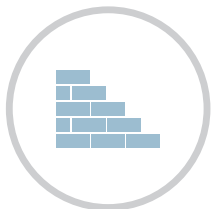

Dementia care

Cancer facilities

Mental health facilities

New build

Fit out

Refurbishment

Change of use

Emergency wards

DESIGN

In-house BIM Level 2 focusing on the clinical activity each facility will be used for

LIVE ENVIRONMENTS

Extensive experience working around staff and patients

DISRUPTION

Minimised using G&H Engineering Services to build plantrooms, risers, CHP systems and pipework offsite wherever possible

Continually on-site
since 2011 | **30+**
projects delivered

100% in live hospital environment

Delivered for an array of clinical services:

12-phase A&E, maternity, cancer ward, angiography ward, critical care ward, pharmacy, x-ray department, triage and outpatients.

G&H has repeatedly demonstrated a quality of work, understanding of the complex MEP systems and collaborative work ethic required in live hospital environments.
